## DEPENDENT DAY CARE EXPENSES DEFINED

In general, the Internal Revenue Code [§129(e) and 21(b)(2)] requires that an expense satisfy **each** of the following requirements to be eligible for reimbursement:

1. Expenses will be reimbursed only **after** the care has been provided, and not when you, the participant, are formally billed, charged for, or pay for the dependent care.
2. The expense must be incurred by you during a period when you have a dependent or spouse who is a "qualifying individual" which is either:
  - (a) A dependent under age 13 for which you are entitled to an income tax deduction; or
  - (b) A dependent or spouse, regardless of age, who is incapable of caring for him/herself, and spends 8 hours a day in your household.
3. The expense must be for household services or for the care of the "qualifying individual" which you incur to enable you (and, if applicable, your spouse) to be gainfully employed.
4. If the expenses are for services provided outside your household, at a Dependent Day Care Center that provides care for at least six (6) non-residents, it must:
  - (a) Comply with all state and local laws;
  - (b) Charge a fee for providing the services.

**NOTE:** Special rules apply to divorced parents or married individuals living apart [I.R.S. §21(e)].
